

Product Specifications

Part Number: SCS-3878
Silicone Cold Shrink for 3/8" to 7/8" connection

Dimensions

Nominal Size: 3/8" to 7/8" connections
Length: 152mm (6.0")
Diameter: 40mm (1.57")

General Specifications

Diameter for Seal Maximum: 0.875"
Diameter for Seal Minimum: 0.375"
Applications per Kit: One 3/8" to 7/8" Connection

Mechanical Specifications

UV Resistant
Made of Silicone rubber
Offering good mechanical, insulation and sealing protection
Accommodating a Wide range of cable sizes
For indoor or outdoor applications
Simple and fast installation

Product Application

Alternative weatherproofing device
Silicone rubber construction
Seals 3/8" to 7/8" Antenna and Device Connections
No tools required

Regulatory Compliance/Certifications

IP 68 rated after proper installation
