

Product Specifications

Part Number: Butyl
Butyl Rubber Tape Rolls

Dimensions

Length: 24.00 in
Width: 2.50 in
Thickness: 2.2mm

General Specifications

Provides additional moisture seal for cable connections
Color: Black
Material Type: Butyl rubber tape
Package Quantity: 200
Paper wrapping can be white or brown

Mechanical Specifications

UV Resistance Test Method:
Butyl test method in QUV weatherometer cycle of 8 hours UV at 150 °F then 4 hours of condensation at 104 °F
UV Resistance, minimum with no degradation ≥ 1000 hours
Weather Resistance Test Method:
04AS00-03.6.0 | MIL-STD-1344A, Method 1002

Product Application

Provides additional moisture seal for cable connections
