

Product Specifications

Part Number: NM-10W-D
N Male 10 Watt Dummy
load

Dimensions

Height: 63mm
Outside Diameter: 35mm

General Specifications

Packed In Single Boxes
Material Type: Brass with Aluminum Radiator core
IP 65 Rated

Mechanical Specifications

IP 65 Rated
Temperature Rated: $-35^{\circ}\text{C} \pm 125^{\circ}\text{C}$
Silver Inner Plating
 $\text{VSWR} \leq 1.15$
Impedance: 50Ω
7/16 N Male Connector Type
DC-3GHz frequency range

Product Application

To be used with high quality products during installation for radio frequency termination and for the protection of of Din Female ports from dust intrusion and physical damage.
