

# Product Specifications

Part Number: NM-2W-D  
N Male 2 Watt Dummy load

## Dimensions

---

Height: 20mm  
Outside Diameter: 20mm

## General Specifications

---

Packed In Single Boxes  
Material Type: Brass with Aluminum Radiator core  
IP 65 Rated

## Mechanical Specifications

---

IP 65 Rated  
Temperature Rated:  $-35^{\circ}\text{C} \pm 125^{\circ}\text{C}$   
Silver Inner Plating  
 $\text{VSWR} \leq 1.15$   
Impedance:  $50 \Omega$   
7/16 N Male Connector Type  
DC-3GHz frequency range

## Product Application

---

To be used with high quality products during installation for radio frequency termination and for the protection of of Din Female ports from dust intrusion and physical damage.
