

# Product Specifications

Part Number: SCS-1278  
Silicone Cold Shrink for 1/2" to 7/8" connection

## Dimensions

---

Nominal Size: 1/2" to 7/8" connections  
Length: 125mm (5.0")  
Diameter: 47mm (2.1")

## General Specifications

---

Diameter for Seal Maximum: 1.50"  
Diameter for Seal Minimum: 0.50"  
Applications per Kit: One 1/2" to 7/8" Connection w/filler strip

## Mechanical Specifications

---

UV Resistant  
Made of Silicone rubber  
Offering good mechanical, insulation and sealing protection  
Accommodating a Wide range of cable sizes  
For indoor or outdoor applications  
Simple and fast installation

## Product Application

---

Alternative weatherproofing device  
Silicone rubber construction  
Seals 1/2" to 7/8" Antenna and Device Connections  
No tools required

## Regulatory Compliance/Certifications

---

IP 6X rated after proper installation
