

Product Specifications

Part Number: WASH-LUG
Pack of 100

Dimensions

Length: 1.76 in | 44.7 mm

Width: 0.60 in | 15.24 mm

Hole size: 0.38 in | 9.65 mm

On center spacing: 1 in | 25.4 mm

Specifications

Product Type: Lug Washer

Mechanical Specifications

Material Type: 300 series stainless steel, corrosion resistant

Applications

Used when mounting compression lugs to mounting buss bars

Eliminates flat and lock washers, reducing installation times
